Hadi, Bonjour and Hello,

It is Echo Lake week! Sounds like the classes have been having a blast.

Yesterday our grade 1 to 6 students were honoured to celebrate National Indigenous Peoples Day with our community. Many, many thanks to Carrier Sekani Family Services and the Village of Vanderhoof for hosting such a great event.

You should now have the final report card of this school year. As always, please connect with the school if you any questions or concerns about reporting.

On Monday, June 27th our kids will have a fun morning of activities planned by our grade 6 students. We even have a special surprise station planned. Snack will be provided by our PAC. For lunch, Mrs. Thomas and her team will be making a FREE Ban-nock Dog lunch for all students. Students do not need to bring a lunch or a big snack on this day. In the afternoon between 1:30 and 2:30, we want to remind you that it is our Intermediate Simple Machines Showcase. We hope you can drop by the school to see the incredible projects the students have created.

Wednesday, June 29th is our last day of school. We will be having our final assembly at 10:00 and we hope you can join us. Students will be dismissed at 12:00.

This is our last newsletter of 2021-2022. It has been a fantastic year! I think we have worked together to help our McLeod students start their journey to become adults who can take on the world. It has been a pleasure and an honour to do this with you and with your kids. I hope you all have amazing summers (let's hope the sunshine is on its way!). We will see you in September!

Proud to be McLeod

Ms. L. Hart

NOTES ON NUMBERS

Grab some sidewalk chalk and you will have a full summer of family math games and activities at your fingertips. Play hopscotch and count the squares as you jump; draw a target with different numbers in the rings and try to get your rock in the bulls-eye; gather collections of rocks, sticks or anything else nature and count/sort them. Enjoy your summer and have lots of great counting conversations!
