Issue 35

Hadi, Bonjour and Hello,

It seems as if 2020-2021 is the year of doing things virtually. The annual Sturgeon Release is no different. Many of our classes will be participating in the release on Friday, June 11th.

On Friday, June 18th we will be celebrating our great success with our Jump Rope for Heart 2021. We raised over \$3,500 for the Heart and Stroke Foundation. To say thank you to our students we will be having a bit of a party. There will be dancing, relay races and ice cream (thanks PAC!).

We have three students who are raising money for Cancer Research through Balding for Dollars. Please support them by using the link in this e-mail or by sending a donation into the school. We are so proud of you Seb, Zach and Andre!!

We continue to work together with you and the kids to help our McLeod students become children and adults who can take on the world. Please feel free to contact the school if you ever have any questions or concerns. **WE'RE ALL IN THIS TOGETHER!**

Proud to be McLeod,
Ms. L. Hart

Tips to Foster Self-Esteem in Children

Raising Children who value themselves and believe in their abilities.

- Support them to try new activities. Be with them and have their back if needed.
- Focus on their strengths and give them positive messages.
- Correct them with patience as they are likely to internalize harsh criticism.
- Praise their effort rather than the result and praise them just enough. Over praising might do more harm.
- Let them help at home, with their siblings, or with community services to learn that their activities do matter.
- Losing is a part of life. Let them take healthy risks and make their own choices.
- Encourage them to pursue their passion.
- Remember that every child is unique and not comparable to others.

CONNEXUS

COVID Vaccine Clinics for 12 – 17 Year Olds

Vanderhoof vaccine clinics for 12 – 17 year olds will be held at the Friendship Centre on:

- June 17th 2:30 – 5:30 pm
- June 25th 1:30 – 4:00 pm

Parents and students can register for an appointment by calling the Vanderhoof Health Centre at 250-567-6900. Northern Health has confirmed they will be using the Pfizer vaccine.

Please check out our Lost and Found!

Pictures are on our PAC Facebook page.

We will be recycling the winter lost and found mid-June.

Our school goals are that our McLeod students will be:

1. Literate as evidenced by grade 3 students meeting grade level expectations in reading in PM Benchmarks/GB+.
2. Socially Responsible Citizens as monitored through the School Learning Survey.
3. Numerate as evidenced by grade 3 students meeting grade level expectations on the DNA.

Call for submissions for the anonymous art show

- Open to everyone
- Any level
- Any medium
- Supply your own 6x6 canvas
- Pieces due in August
 - Drop off at the public library, YMCA, or Remedy Rebuild

Daily Health Check			
1. Key Symptoms of Illness*	Do you have any of the following key symptoms?	CIRCLE ONE	
	Fever	YES	NO
	Chills	YES	NO
	Cough or worsening of chronic cough	YES	NO
	Shortness of breath	YES	NO
	Loss of sense of smell or taste	YES	NO
	Diarrhea	YES	NO
	Nausea and vomiting	YES	NO
2. International Travel	Have you returned from travel outside Canada in the last 14 days?	YES	NO
3. Confirmed Contact	Are you a confirmed contact of a person confirmed to have COVID-19?	YES	NO

If you answered “YES” to one of the questions included under ‘Key Symptoms of Illness’ (excluding fever), your child should stay home for 24 hours from when the symptom started. If the symptom improves, your child may return to school when they feel well enough. If the symptom persists or worsens, seek a health assessment.

If you answered “YES” to two or more of the questions included under ‘Symptoms of Illness’ or your child has a fever, seek a health assessment. A health assessment includes calling 8-1-1, or a primary care provider like a physician or nurse practitioner. If a health assessment is required, your child should not return to school until COVID-19 has been excluded and symptoms have improved.

When a COVID-19 test is recommended by the health assessment:

- ☐ If the COVID-19 test is positive, your child should stay home until you are told by public health to end self-isolation. In most cases this is 10 days after the onset of symptoms. Public health will contact everyone with a positive test.
- ☐ If the COVID-19 test is negative, your child can return to school once symptoms have improved and they feel well enough. Symptoms of common respiratory illnesses can persist for a week or more. Re-testing is not needed unless you develop a new illness.
- ☐ If a COVID-19 test is recommended but is not done because you choose not to have the test, or you do not seek a health assessment when recommended, and symptoms are not related to a previously diagnosed health condition, your child should stay home from school until 10 days after the onset of symptoms, and then they may return if they are feeling well enough.

If a COVID-19 test is not recommended by the health assessment, your child can return to school when symptoms improve, and they feel well enough. Testing may not be recommended if the assessment determines that the symptoms are due to another cause (i.e. not COVID-19).

If you answered “YES” to questions 2 or 3, use the COVID-19 Self-Assessment Tool to determine if you should seek testing for COVID19.

A health-care provider note (i.e. a doctor’s note) is not required to confirm the health status of any individual.
