Issue 36

Hadi, Bonjour and Hello,

Happy June. This is always a busy but fun month.

Our Intermediate Simple Machines Project is about to go into full swing. So far our grade 4 to 6 students have learned about the 5 different Simple Machines and have started planning their own machine. Today, Monica Sommerville spent the day at McLeod teaching our students about the ways in which Indigenous people use Simple Machines. Tomorrow, Carl Larson from the School District Facilities Department will be teaching kids about safety in building and construction. Then, it's time to start building. It's going to be beautiful, creative energy as our students put all their knowledge and planning into action. We can't wait for them to be able to show it all off on June 17th.

Tomorrow we will be having our own McLeod version of the Primary Fun Run. On Friday, many of our classes will head to Riverside Park for the District Sturgeon Release and in the afternoon we will have our final Heart Group of the year.

We are excited to welcome two UBC teachers to McLeod for three weeks starting on June 6th. These are newly qualified teachers who are completing a Rural Education Practicum course. They come to us to experience teaching in a small rural community and we always learn a lot from them as well.

Don't forget that our Welcome to Kindergarten BBQ is on June 7th from 4:30 to 5:30. Our 2022-2023 McLeod Cares Leaders are working hard with Mrs. Gridley and Mme Gauthier to get ready for it.

It is our goal to work together with you and the kids to help our McLeod students become adults who can take on the world. Please feel free to contact the school if you ever have any questions or concerns.

Proud to be McLeod

Ms. L. Hart

COMING SOON:

June 3—Sturgeon Release

June 7—Welcome to Kindergarten BBQ

June 17—Grow and Show and
Simple Machines Showcase

**Please wear the appropriate clothing for the
Primary Fun Run tomorrow**

Sunscreen— raincoat or hat—water bottle

NOTES ON NUMBERS

Not only are card games a fun and inexpensive way to build math skills, but board games are too. Counting moves, adding dice totals and learning problem solving skills are all part of a board game battle! Games such as Candyland, Monopoly and Quirkle are all great examples. If you don't have many in your home, Act 2 or the Thrift Store in the mall often have great games for great prices. Once your family tires of one game, switch with another family!

School Board Meeting

Monday, June 13, 2022

6:00 pm

**Muriel Mould Neighbourhood
Learning Centre - Burns Lake**

Important Public Attendance Notice:

The Board of Education is pleased to announce that Board meetings are returning to the practice of in-person attendance for the public. A virtual option will no longer be offered, and pre-registration is no longer required. Members of the public are invited to attend.

THANK YOU FOR REMEMBERING THAT
WE ARE A NUT FREE SCHOOL
