

May 19, 2020

Hadi, Bonjour and Hello McLeod family,

I hope you were all able to enjoy a wonderful Victoria Day weekend. Remember how important it is to get outside and keep our hearts and heads happy and healthy.

We are so excited that, at this point, we can plan for the re-starting of face to-face learning at McLeod. We hope to share a much more concrete plan to begin on June 1st by the end of this week. Please watch the School District and McLeod PAC Facebook pages, our school website and communication from your child's teacher for more info.

As we plan to move to Stage 3 of the BC Ministry's 5 Stage Re-Start Plan, please know that the return to school in June is voluntary. Please make a decision based on what is best for your family, your children and your situation. You are each unique and we will continue to support you with total respect for this. Once again, just communicate with us so we know what will work best. As teachers connect this week, they will begin to gather information about who may or may not be returning to the school building in June. There is absolutely no pressure one way or the other, we just want to be able to plan effectively.

Are you all still making your promise every day?

We are here to continue to help our students to use THEIR HEADS AND THEIR HEARTS to be the children and adults who can take on the world. We will do this any way we can. We are in this together!

Proud to be McLeod

Ms. L. Hart

Our May 19th to 25th
Happy Birthday babies are:
Madalyn, Anya and Mrs. Ellis

YOUR CHALLENGE FOR THE WEEK.

It's catch-up week. Did you:

- give yourself a big hug from all of us at McLeod?
- sing the "Every little cell in my body is happy" song every day?
- Bring a decorated rock to McLeod? I LOVE the ones we have. Please bring more.
- I'd love more heart pictures. I have a special plan for these. 😊 Please make a heart and take a picture of yourself with it. Text it to Ms. Hart at 567-8539.
